WASHINGTON, D. C. 20505

National Intelligence Officers

NFAC #1156-79

6 March 1979

MEMORANDUM FOR: The Director of Central Intelligence  
THROUGH : Deputy Director for National Foreign Assessment  
: National Intelligence Officer for Warning  
FROM : National Intelligence Officer for Africa  
SUBJECT : Addendum to Warning Report - Sub-Saharan Africa  
REFERENCE : Warning Report: Sub-Saharan Africa, dated 28 February 1979,  
NFAC #1025-79

1. Action Requested: None; the following is for your information.
2. Background: Analysts have called to my attention two matters which they feel warrant reporting to you by way of amendment of our most recent warning report.
3. Re Angola, the State Department representative says she does not believe community analysts expressed disagreement with the NIO's concern that the Soviets and Cubans might be beginning to work to undermine Neto, as much as they emphasized that there was no evidence to support this suspicion.
4. Re Tanzania-Uganda, an NFAC analyst offers the further concern that if the Tanzanians are successful in their current operations against Uganda, Nyerere might feel encouraged to use his military machinery more directly against other targets -- e.g., Rhodesia or Kenya.
